Our business, established in 1873, has seen several economic downturns.

This newspaper passed through the Great Depression, and it helped a lot of Astoria businesses survive through that economic trauma.

Now is not the time for a business to hide. In difficult times, like this, it’s more important to let the community know that you are here and intend to stay.

This publication honors all Clatsop County businesses and our neighbors in Tillamook County. It’s a reminder that we’re all in this together.

Founded in 1904, City Lumber was known as City Lumber and Box Company. Located downtown at 198 12th Street, City Lumber provided materials for the building industry and boxes for the seafood industry along the waterfront. City Lumber moved to the foot of 9th Street in the 1920’s. In the 1930’s, with our name changed to City Lumber and Supply Co., we opened a lumberyard at 2142 Commercial, our present location. Early in the 1950’s all of our operations were consolidated at our Commercial Street location. Our business has grown to include selling not only building materials like lumber, plywood, moldings, doors, windows and roofing, to selling plumbing and electrical supplies, paint, wallpaper, light fixtures and lawn and garden items.

We’d like to thank our customers and our faithful and loyal employees who have made City Lumber the business it is today. Community service has been City Lumber’s hallmark for the last 105 years and will continue for the next 105 years.

Pacific Power will soon celebrate its 100th anniversary, but the company’s roots in Clatsop County run much deeper—all the way back to 1902. It was in that year that those who would later form Pacific Power took on the revitalization of Astoria Electric Company, funding a streetcar line extension and building a new power plant. The company’s next innovation would be providing 24-hour electrical service, a vast improvement over the status quo of the day, which shut off lights when the plant operator went home for the night.

It’s in that innovative spirit that Pacific Power’s employees continue to serve our valued customers, who in our mind are still “who’s who” around here. We’re proud to serve Oregon’s North Coast communities, homes and businesses and we’ll keep delivering reliable power and solutions to ensure a sustainable energy future for all of us. Find the answers to your energy questions at pacificpower.net.

Bornstein Seafoods was founded in Bellingham, Washington during the great depression in the 1930’s by Myer Bornstein. His son Jay Bornstein took over the helm in 1980 and immediately expanded the operations to Astoria in 1982, seeking out a steady supply of Oregon ground fish.

Over the years, Bornstein’s Astoria has been steadily expanding, adding shrimp, Dungeness, sardines and Albacore to the processing capabilities. As recently as 2006, Jay solidified the company commitment to Astoria with the construction of a new state-of-the-art processing facility on Pier 1 at the Port of Astoria. This modern fish plant represents the first new ground fish processing plant to be built on the West Coast of America in more than 25 years!

For more than 70 years, Bornstein Seafoods has been committed to quality, productivity, professionalism and teamwork with our staff, fishing partners and customers. And after all these years, the slogan remains the same, “If you don’t buy your fish from us, we both lose money!”

John and Jan Lindstrom have been the proud owner's of Lindstrom’s Danish Maid Bakery & Coffee shop delivering scrumptious, quality pastries to the community since 1986. Under their ownership the bakery has continued to be a signature for Astoria. They specialize in fine pastries, cakes, wedding cakes, a large variety of fresh bread and great lunches served Monday through Saturday. Their famous Tom & Jerry batter is a tradition for the community during the Holidays.

The bakery itself has been in existence since 1925 and was founded by Harry A Morrow. It was then known as Morrow’s Bakery. In 1942 it became Jone’s Bakery when it was purchased by Harold and Verna Jones. In 1970 the bakery changed hands once again and was sold to Carl and Melanie Maxwell who renamed it the Danish Maid Bakery. In 1975 Howard and Dorothy Schoen purchased it and then sold it to Jan and John Lindstrom in 1986 which added to the name “Lindstrom’s.” Stop in today for a delightful treat and taste for yourself a tradition of over 83 years!

Astoria/Gearhart Builders Supply

The family-owned business of Astoria Builders Supply Co. traces its roots back to 1942. When the store first opened, it operated under the name of Brewer Billy Lumber Co. Five years later, the name was changed and that name is still in use today. Although the name was changed in 1947, it was not incorporated until 1967.

The Gearhart location was purchased in 1990 and would eventually grow. In 2001, the Astoria store was demolished in preparation for expansion. During the rebuild, the company was run out of the historic blacksmith shop. By September of 2002, the new facility opened its doors in the same location of the original store. The new store had tripled the size of available retail space that was found in the old store. The corporate offices are now located in the new establishment, which is designed to fit into the town’s historic style. The exterior and interior, both, are designed to reflect the look of the old waterfront buildings. The history continues in the artwork that can be found in the form of murals on the walls within the main store. The pictures tell the story of Astoria’s past, while incorporating some modern surprises.

After the renovation of Astoria, the Gearhart store got its update. The company purchased the neighboring property that was formerly Captain Morgan’s Restaurant and began construction. The new Gearhart store opened for business in 2005, boasting ten times the amount of space in comparison to the original. The store features the same basic architecture as the Astoria building, including murals that portray the vast history of the beach town known as Gearhart.

The company originated with three employees, but now employs more than 50 people. The Builders Supply legacy is celebrated every September with an annual barbeque open to all of our customers. Come join us and see what we represent. Experience our dedication as we strive to do our best in order to serve you.

The San Dune Pub started out in 1935 as the Red and White Store. Which consists of a grocery store, a Beer Tavern, and a Post Office. In 1945 Bud Kretsinger bought the store and turned it into the “San Dune Tavern”. It was known as a rough and tough Tavern where all the local workmen hung out. In 2005 Debra Greenlee bought the Tavern and began the transformation into the San Dune Pub. She always loved the wood floors and bar and tried to create a more lodge like setting that is comfortable, cozy, and inviting to everyone. This Pub is for anyone 21 to 101. It has fantastic food, top-notch entertainment, 17 beers on tap, full service bar, and an assortment of wines including organic wines. Bud and Jean TerHar founded TerHar’s Clothing & Gift Shop in 1951.

Bud and Jean met at the University of Colorado, soon after they married and moved to Seattle to work for a gift company as traveling sales representatives. Part of their territory was Seaside. They always loved Seaside for its beautiful setting, friendly people and great business opportunities. In 1951 they decided to settle here and purchased what was then the Merriman Hotel and gift shop. As time went on they decided that the Hotel operation was too much to deal with and slowly made a transition from gift merchandise to clothing. In the early days of TerHar’s Bud worked two other jobs to help make ends meet. He worked at a Ford automobile dealership selling cars and Service Oil selling furnaces. Bud, Jean, Peter and Jeff lived in an apartment in the back of the store until 1958 at which time they decided that business had developed and that the apartment space would be valuable sales space. In the past they operated stores in Astoria & Long Beach. In 1991 they opened TerHar’s in Cannon Beach.

Bud has always strongly believed in being involved with the community. As a past president of The Chamber of Commerce, serving on the Seaside School Board, supporter of Seaside Kids, Inc. and serving on the Oregon Retail Council. Both Bud and Jean spent many years involved with the Miss Oregon Pageant. Bud as President and board member, Jean coordinating the wardrobe. Both judged many local and state pageants. Through Bud & Jean’s hard work and success, they have invested back in the community in creating commercial rental properties that have given many other businesses an opportunity to be part of our area.

The TerHar’s own and operate six commercial buildings in the area that presently house 34 businesses. Peter and Jeff along with their wives D’Lorah and Pavi now operate the family businesses. All the grandchildren have worked in the stores and still help out when in town. The TerHar’s have enjoyed the opportunity to work together to provide for their families as well as giving others a chance to provide for their families. They all feel it is fun to work in a beach resort area and interact with so many wonderful people.

First to Roast on the Oregon Coast

From Ole Anderson fresh off the boat from Norway at the turn of the century, to great grandson Tim Hurd roasting up fresh beans every week, this family's heart is rooted in this beautiful Pacific Northwest.

Columbia River Coffee Roaster is an independently owned company located in Astoria, Oregon, and established in 1992 - the first to roast on the Oregon coast. We specialize in custom blends and roasts: small batch coffees, roasted to order, offering equipment, service and delivery to our wholesale accounts.

Last July we opened our upgraded facility in the newly renovated Finnish Meat Market, featuring Three Cups Coffee House. Come in - right beneath the megler bridge - and enjoy a cup of coffee, a fresh scone, grilled panini, salad or some delicious pie. Plug your computer in, settle in a couch and watch the ships go by across the way. You can also stop by and pick up some fresh beans.

We at Columbia River Coffee Roaster also believes strongly that ones work should build one's community. We have been long time supporters of the local arts scene, specifically the River Theater in Astoria, as well as countless other community organizations and events.

During the past 15 years, while excavating, demolishing, dismantling, salvaging and land clearing, we have remained conscious of the impact that these and other industry-related activities are having on our delicate environment. As an industry, the traditional approach to dealing with the byproducts of these tasks has been: job-site burning, landfill and long hauling to remote site for processing.

As such, these methods have polluted, crowed our roads, and in general, adversely affected our environment. Recognizing the need for change, Trails End introduced a friendlier, local solution to reduce the pollution and waste.

Our methods are simple, but effective. Where possible, we perform on-the-job-site grinding to convert materials removed into chips, which we truck to local mills. There, the product is “cleanly” burned as an alternative fuel source, where it otherwise would be heat energy, wasted while also polluting the atmosphere.

When on-the-job-site materials conversion is not possible or practical, processing is performed at our local facility, Trails End Recovery in Warrenton.

We would like to thank our customers for a great year! 861-6030 • At Ft. Clatsop Junction, 34661 Airport Lane, Warrenton, OR

MANZANITA SEAFOOD & CHOWDER HOUSE

519 Laneda Ave. • Manzanita, OR
(503) 368-CRAB

Dine In, Take Out or Cook at Home

We first opened our seafood market business about 13 years ago in a space barely big enough for our 10-foot seafood case. It was basically just my husband and I along with our small children in the beginning and grew into something bigger than we ever imagined. We would bring in fresh seafood everyday from local fishing boats in the area and we quickly became very popular and had to start hiring employees. Our most popular item was our homemade clam chowder, but we felt it needed something to go with it. So we decided to start offering more, and we got a little fryer so we could serve fish & chips along with our homemade clam chowder. We were not prepared for what happened within the next few months, when the line would be out the door waiting for our clam chowder and fish & chips, looking for a taste of our secret batter. Our dreams were coming true!

Before we knew it we had to expand and find a new and bigger building that could handle our demand. Just down the street was an old residence that could handle our demand. When we opened the doors of the new building, we were so busy that we had to put tables wherever we could. We now offer outside seating on our front and back decks, TVs to enjoy the game, and FREE WIFI. We still sell fresh seafood everyday along with a full menu that includes many vegetarian items. With the freshest seafood in town and a very knowledgeable staff, we can match you with the perfect piece of fish and helpful tips on how to prepare it if you want to try something different. We take pride in having the widest, and freshest selection in the area and our guarantee is that our fish is so fresh that we will never smell like a fish market!

After 13 years of living out my dream, it’s still my husband and I along with our 6 children and 25 of the greatest employees that offer a fun and family dining atmosphere that never leaves you hungry and always coming back for more!

ASTORIA SUNDAY MARKET
Revitalizing a National Treasure – Historic Downtown Astoria
The first U.S. settlement west of the Rockies – established in 1811

Astoria Sunday Market is the focal of Astoria’s vibrant historic downtown during its 22 week season beginning Mother’s Day each May. Thousands of visitors attend the Astoria Sunday Market each week and it is now the second largest market of its kind in Oregon.

Now in its ninth year, Astoria Sunday Market was created to revitalize downtown Astoria and to support the economic viability and vitality of farmers, artists, artisans and other small business operators in the Pacific Northwest.

Astoria Sunday Market brings together nearly 200 vendors along 12th Street offering locally-made products that have been hand-crafted, grown, created or gathered by the farmers, craftspeople and artisans featured each week. In addition, the Market has a lively food court with regional entertainment making this the gathering place each Sunday for locals and visitors to the region.

Other Market programs include a Winter Market in November & December, The Young Entrepreneur’s Club which debuted this season with young business owners age 8 to 15, and the Pacific Commercial Fishermen’s Festival taking place September 19 & 20 at the Port of Astoria.

Astoria Sunday Market also makes contributions to support downtown revitalization. Contributions have been given to Liberty Theater, the Chinese Park, and Regatta, among others. In addition, Market funds were used to pave 12th Street, construct a public restroom, and purchase bicycles for the Astoria Police Department to help patrol the River Walk.
Beads by the Sea offer a large selection of semi-precious beads and lampwork glass items.

Parent-child sign language classes, books clubs and specialized reading groups are also offered. A new service beginning this fall is a social group for young adults with disabilities. Star Furniture was started by Tracey and Kathryn Johnson in June 2007. After working as a sales representative for 24 years, Tracey and Kathryn moved to Seaside and opened Star Furniture in the old Cornet building downtown Seaside. With 10,000 square feet, it was affordable and large enough to display a lot of furniture and keep their prices low. Tracey worked for some large manufacturer like Ashley Furniture, most recently for 10 1/2 years. Kathryn worked as a sales representative in the Home Furnishings business selling Accessories. Carrying mainly name brands, like, Ashley, Braithwell, Klaussner and Englander Mattresses, as well as many others, they set up a “special order” department where buyers can sit down and go through hundreds of catalog pages and thousands of swatches if they cannot find the perfect piece on display. Their knowledge of the industry makes it a pleasure for buyers to shop at their store. “We love our business and we have a passion to share it with others.” They feel that Furniture shopping should be fun and their store makes you feel welcome and excited to be there. They want all their customers to feel important and relaxed while shopping. Open every day from 10-6 and 11-4 on Sundays. Visit their website, starfurnitureseaside.com to shop and browse. Delivery and Financing available. Come see why Star Furniture wants to be "your new friends in the furniture business".

Neal Cummings, owner of Video Horizons, one day realized that there wasn't pizza-by-the-slice available in the city of Astoria. So, after a 3 year intensive search of the best pizza franchises in the northwest, the decision was made to go with Pizza Schmizza. You may ask why “Pizza Schmizza”? Besides the fact that it’s just darn good pizza, Neal wanted an Oregon grown franchise in line with his philosophy of “Buy Local”. Pizza Schmizza’s headquarters are in Hillsboro, Oregon. It’s one the fastest-growing independent pizza chains in the Pacific Northwest.

When you walk into a Pizza Schmizza you will encounter an atmosphere that has been created to be a fun gathering place. Unique art, neon lights, arcade games and televisions provide the perfect setting to compliment the incredible aroma and taste of our New York style pizza. Every pizza is hand made and only uses the freshest ingredients available. Pizza Schmizza also has an amazing line of pasta dishes and some of the freshest salads around. Schmizza pies are unique and different, with names like “No Kiss Tonight” (lots of garlic and onions), “Popeye and Olive Oil” (spinach, of course), Spaghetti and Meatballs and even Alligator!

Daily specials on individual slices or whole pies await you every day. Locally-owned and operated and conveniently joined with Video Horizons for your daily entertainment and food needs.
